DON'T BLOW INTO YOUR CARTRIDGE!! YOUR GAME PAK IS NOT BROKE! Stinkoman has just been zapped into the fabled Negative Zone where everything is screwed up. Ump is down and black is right in this crazy, mixed-up label. Don't trust your senses! Only quick timing and short tempers can get our hero out of this one. Negative great!

BOSS 8 - EKERSBY

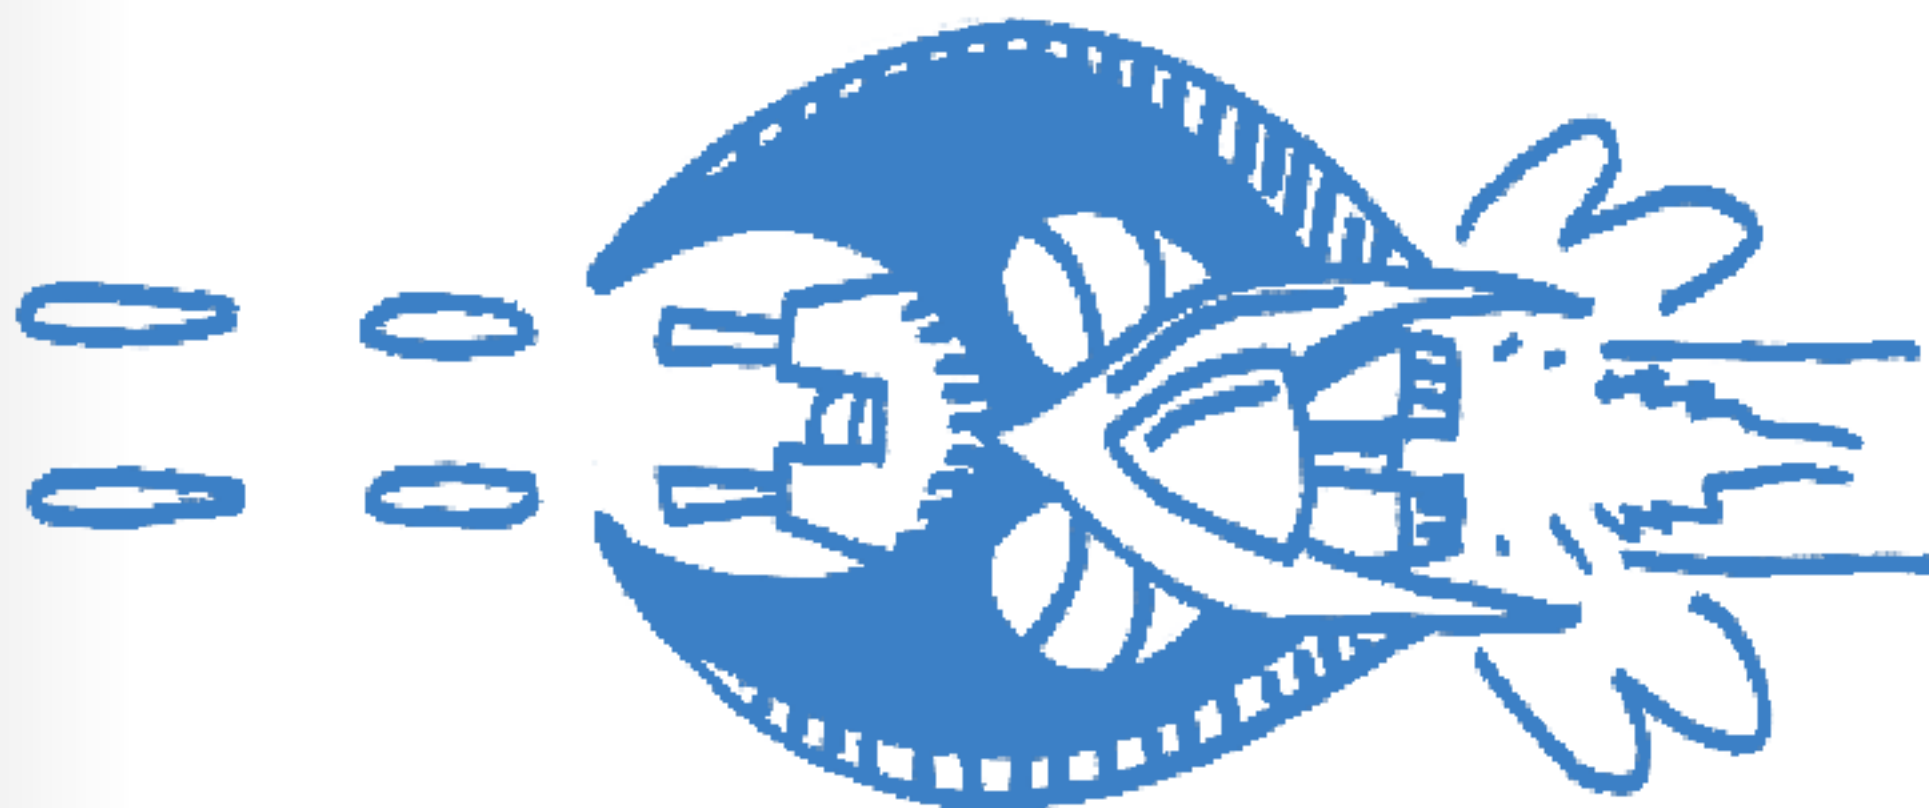

Poor Ekersby. He's a jumble of good, good graphics from the rest of the game. Don't let his ham-heartedness get you down!

"You were NEVER there for me."

PRUDENCH - Peeled, deveined, and totally **INSANE!** These skrimps are butterflied and ready to die. Great with butter but I prefer ceviche!

FUNDLAKE - You can shoot a Fundlake, boh yes, but a Fundlake will come back. Shoot late, hurry on!

SACKASTANO - These goldfish ships travel in schools! Be careful after 1st period or they'll try and sell you an elevator pass!

QUORVEKT - That is a great drawing of a stingray with guns on it. I really like the perspective. This might be my favorite drawing in this manual. hard2kill.

BROODACRE - A jungle-ized bolcano with extra rocks! Broody has 2 flaming boulders to juggle. Get all up in his business and figure out that pattern!

REID - Reids are punk jellyfish wth high GPA's. They **ALWAYS** travel single file except when it is determined that they are **NOT** traveling single file. Watch for their trademark Reid-thrust!
